Great things to remember

"Dr. Kerr and Staff, Thank you for the great care that you have provided me with. I appreciate each and every one of you. Thank you all again."
Lisa M.

"I had the Smart Lipo procedure and fat transfer done in March 2010. Dr. Kerr and his staff were very informative when I came in for my consultation. I had the fat transfer

to my breasts during my Smart Lipo procedure. I am very excited about the results! I had always wanted to go up a breast size, however I was too fearful of the implant option, not to mention they never seem to look or feel natural. To my surprise, I went up two cup sizes!

The procedure itself was virtually painless and recovery was fast! My Smart Lipo results also have been wonderful. I went from a size 12 to size 10 in only 12 weeks and love my hourglass shape. The financial options and wealth of knowledge Dr. Kerr expressed made me know I was in the best hands.

Thank you Dr. Kerr and staff for being so wonderful and supportive during my wonderful transformation."
Angie O.
